Official MRA Board Vote:

Date: 9/17/2017

Issue Description:	The other change is reflected in the installment, total responsibility and salary. This year's Student Life salary program was calculated as follows: For staff who receive a “Successful” rating: ii. For staff with a current annual full time rate salary of greater than $70,000 the salary program will be 2.75%. Gregg's $51,000 salary (16-17) was based on him being a 60% employee; HR confirmed that his full time rate (if her were 100%) would be $87.377.50 so that's what his increase will be based on which results in a 2.75% increase for him.		Do you vote to approve the MOU including a 2.75% in Gregg's base salary?
